TO-92L Packaging Configuration: Figure 1.0

Packaging Description:
TO-92L parts are shipped normally in ammo tape. These ammo parts in standard option are shipped with 2,000 units per ammo box. This and some other options are further described in the Packaging Information table. These full ammo boxes are individually barcode labeled and placed inside a standard intermediate box (illustrated in figure 1.0) made of recyclable corrugated brown paper. And these boxes are placed inside a barcode labeled shipping box which comes in different sizes depending on the number of parts shipped.
